Business Insight

City Payments & Expenditure Overview Insight

- . **Purchase of Services** is the highest expense type with **\$1.84B**, showing most spending goes to services.
- . **Office of BM/BR Services** is the top spending department with **\$1.14B**.
- . **Community Behavioral Health** is the highest-paid vendor with **\$924M**, much higher than others.
- . **December (Month 12)** has the highest monthly spending (**\$429M**), while **Month 8** is the lowest (**\$199M**).
- . The city handled **238.89K payments** worth **\$4.19B**, showing large-scale financial operations.

Monthly Department & Expense

- . **Managing Director** department has the highest transaction count, mainly from **Purchase of Services** payments.
- . **No Contract payments** are higher than contract-based payments, showing many expenses happen without formal contracts.
- . **Office of BM/BR Services** shows the highest monthly transaction value, with major peaks in Month 6 and Month 10.
- . Departments like **Water, Health, and Human Services** show steady monthly spending, indicating regular operational expenses.

Vendor & Transaction Analysis Insight

- . **Total transaction amount** is **\$4.19B**, showing very high city payment activity.
- . **Community Behavioral Health** is the top vendor with **\$924.3M** expenditure, receiving the highest payments.
- . **IEH Auto Parts LLC** has the highest transaction count with **19K payments**, meaning frequent small transactions.
- . **No Contract payments (52.93%)** are slightly higher than **With Contract payments (47.07%)**, showing many payments happen without formal contracts.
- . Vendors like **Airport Revenue** and **School District of Philadelphia** have the highest average transaction value (**\$17M**), indicating fewer but very large payments.

Department, Vendor & Expense

Office of BM/BR Services is the top spending department with around **\$1.14B**, followed by Sinking Fund Commission.

No Contract vendors (77.63%) are much higher than contract-based vendors, showing strong dependence on non-contract vendors.

Purchase of Services also has the highest vendor count (**4.6K vendors**), meaning most vendors are linked to service-related payments.

Purchase of Services has the highest transaction amount at around **\$2.8B**, showing it is the major area of city spending.

The number of departments with **No Contract (55)** and **With Contract (53)** is nearly equal, but vendor dependence is much higher on the no-contract side.
